

Game Acceptance and Cancellation Policy

For Katy Rice Belt

1: Game assignments will be made thru the Arbiter system. The official will have 3-5 days to accept games thru Arbiter. If additional time is needed the official should contact the assignor with a reason.

2: If games are not accepted within the assignment acceptance period. The scheduler will reassign the games. The official that did not accept the games will be blocked by the system and not assigned any games.

GAME CANCELLATIONS

Katy Rice Belt will enforce the cancellation of games policy as stated in our constitution listed below. This applies once games have been accepted in Arbiter:

\$5 per game fine, for a member cancelling a game they had accepted. The only exception is to fulfill a college schedule requirement.

\$15 per game fine for failing to appear at a contracted game(s) and a \$25 per game(s) fine for the 2nd offense. The second offense will also eliminate the official from being eligible for post season play.

Cancelling a game within 12 hours of game time will result in an additional \$5 fine and \$7.50 if within 6 hours of game time.

Note sickness and work related issues will be taken into consideration on an exception basis. If four (4) of these fines are encountered during the year the official will not be eligible for post season games.

\$5 fine for each meeting missed below the minimum meeting requirement (4).

The official may make a written appeal to the board for any fine or requalification for post season play.

All fines must be paid within seven (7) days of missing or cancelling a game to the Secretary-Treasurer-Assignor or future games for that official may be cancelled.
